Gaza's Hope

By Islam Akef Ebeid

I prayed for the children …

But no one answered …

For a hope out of the Ring of Fire …

Yet no one hoped …

Hoped for the killing to stop …

And for the wounds to heal …

And for the suffering to reach its seal …

And for them to eat …

And live …

For what …

For yet another day spent inside a burning tire …

A day spent trying not to live …

Hope is a strange thing …

Its like having a fling …

With a future that might not bring …

Any hope with it …

How dare you hope …

When all that left is a rope …

Tied to a tent …

Covered in dreams …

Of children …

Waiting to be …

Set on fire …

By a liar …

Who can’t see …

Who can’t feel …

Who don’t know …

Who will flee …

Who will kneel …

Who will leave them to grow …

Into their uncovered dreams …

But when …

Unity …

Is the antidote to …

Cruelty …
