Love in Waves

by Islam Akef Ebeid

1

Fields of green, leaves of grass

Remind me of where she's been

Bring me to where she'd pass

2

A seed grows, shrubs unveil

The tree branch knows

My heart has been pale

3

Mountains afar, rise and soar

Like seeing the North Star

Love guides my ship to shore

4

Here is the way, flowers bloom

Along stretches of the bay

Where my heart left its gloom

5

A sun embrace, washed my pale heart

Shone on my face

Brightly as I depart

6

On the way, along the sea

A fresh scent seized the day

A quiet place to be

7

Through pine trees, among ferns

Dangling luscious leaves,

Healed my burns

8

By the beach, I was told

Without my arm’s reach

Love in Waves shall unfold
