Song to My Self

By Islam Akef Ebeid

1

Life is always rough, but nothing you can't shake

Learn how to be tough, to be fully awake

Hold on to a bough, to a tree that can't break

Dream next to a trough, to a rock that don't quake

2

What's named gift, is a calling from within

Skill to not be adrift, a joy that brings grin

Start your sift, and don't rest your fist under your chin

Don't live like a grift, without raising happy kin

End
